Informed Consent to Naturopathic Treatment and Care

I have had an opportunity to discuss the nature and purpose for naturopathic care and its procedures with the Doctor of Naturopathic Medicine named below and/or other office or clinic personnel.

I hereby request and consent to Naturopathic Medicine as an alternative treatment for my health conditions (or for those of the patient named below, for whom I am legally responsible) as performed by the Doctor of Naturopathic Medicine named below and/or other licensed Doctors of Naturopathic Medicine who may now, or in the future, treat me while employed by, working or associated with, serving as back-up for the Doctor of Naturopathic Medicine named below, whether they work at the clinic or office listed below or any other office or clinic. Treatments may include- but are not limited to- herbal medicine, homeopathic medicine, life style and nutritional counseling, naturopathic manual therapy, physical therapy, injection therapy, and hormone replacement.

I have been informed that in the practice of medicine there are some risks to treatment, including -- but not limited to -- side effects of medication, allergic reactions, and anaphylaxis. I do not expect the Doctor to be able to anticipate and explain all risks and complications. Therefore, I wish to rely on the Doctor's judgment based upon the facts then known, to provide me with any care and procedures considered to be in course of my treatment.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about this consent, and by it I agree to the procedures mentioned above. I indent this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

ACUPUNCTURE INFORMED CONSENT TO TREAT

I hereby request and consent to the performance of acupuncture treatments and other procedures within the scope of the practice of acupuncture on me (or on the patient named below, for whom I am legally responsible) by the acupuncturist indicated below and/or other licensed acupuncturists who now or in the future treat me while employed by, working or associated with or serving as back-up for the acupuncturist named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I understand that methods of treatment may include, but are not limited to, acupuncture, moxibustion, cupping, electrical stimulation, Tui-Na (Chinese massage), Chinese herbal medicine, and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided orally and in writing. The herbs may be an unpleasant smell or taste. I will immediately notify a member of the clinical staff of any unanticipated or unpleasant effects associated with the consumption of the herbs.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects, including bruising, numbness or tingling near the needling sites that may last a few days, and dizziness or fainting. Burns and/or scarring are a potential risk of moxibustion and cupping, or when treatment involves the use of heat lamps. Bruising is a common side effect of cupping. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the clinic uses sterile disposable needles and maintains a clean and safe environment.

I understand that while this document describes the major risks of treatment, other side effects and risks may occur. The herbs and nutritional supplements (which are from plant, animal and mineral sources) that have been recommended are traditionally considered safe in the practice of Chinese Medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives, and tingling of the tongue. I will notify a clinical staff member who is caring for me if I am or become pregnant.

I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon the facts then known is in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
